Build Your Future with PFG Glass Industries

About PFG Glass Industries

Established in 1990, PFG Glass Industries Ltd. is a family-owned and operated leader in the glass manufacturing industry. Operating from our state-of-the-art 110,000 sq. ft. manufacturing facility in Langley, BC, we are one of the largest manufacturers, importers, and distributors of architectural glass products in Western Canada.

Our advanced capabilities include high-end automated Tempering, Insulating, Laminating, CNC processing, and custom glass solutions. As we continue to grow, we are looking for motivated individuals who want more than just a job—they want a career.

At PFG, we invest in our Team through training, development, advancement opportunities, and a culture built on teamwork, safety, and respect.

What You'll Do

Successful candidates may be cross trained throughout our facility or assigned to a specific department based on skills and operational requirements.

Responsibilities include:

- Operating specialized automated manufacturing equipment while loading, unloading, and inspecting flat glass products from state-of-the-art production lines
- Reading and scanning production tags to track orders throughout the plant
- Performing safety and equipment inspections before operation
- Measuring glass products to ensure and verify compliance with quality industry standards
- Utilize computer literacy to navigate ERP system via standalone and handheld computers and scanners
- Reading fabrication drawings and work orders
- Identifying and reporting product defects
- Working safely around cranes and automated equipment
- Maintaining a clean and organized work area
- Meeting daily production and quality targets

What We're Looking For

Required Qualifications

- Ability to accurately read a tape measure
- Strong attention to detail and commitment to quality
- Reliable attendance and punctuality
- Dedication to maintain our OSSE safety certification
- Commitment to maintain company provided PPE
- Positive attitude and willingness to learn
- Ability to work effectively within a team environment
- Strong English communication skills
- Reliable transportation to and from work as PFG is not transit accessible at the current time

Physical Requirements

- Ability to stand and move throughout an 8-hour shift
- Ability to lift up to 50 lbs
- Ability to perform repetitive tasks safely
- Comfortable working in a manufacturing environment utilizing advanced automated production lines

Considered Assets

Previous experience in:

- Glass manufacturing
- Production or manufacturing
- Glazing
- Construction
- Industrial environments

No glass experience? No problem. We provide comprehensive training for individuals who demonstrate a strong work ethic and willingness to learn.

Why Join PFG?

At PFG Glass Industries, you're not just joining a company, you're joining a team that values hard work, rewards performance, and provides opportunities for advancement.

Many of our leaders started on the production floor and developed their careers through dedication, training, and internal promotion opportunities.

If you're looking for a stable career with a growing industry leader, we want to hear from you.

Apply today and become part of the PFG team.
